*State regulations and legal environments may limit the scope or availability of certain programs/resources. Please contact COPIC for details about your specific state.*

### Support from COPIC's legal experts that helps you navigate health care with confidence.

Health care abounds with ever-changing rules, regulations, and requirements. It's a challenge to stay on top of everything. That's why we offer COPIC Legal Navigator—services designed to help insureds understand legal and regulatory elements and how these impact their medical practice or facility.

COPIC provides direct access to expert attorneys and legal staff for assistance on complex health care topics. This support is available for physicians, group practices, medical facilities, and hospitals.

- Expertise on both the state and federal levels for legal and regulatory requirements.
- We've done the research so you don't have to spend time and resources trying to figure out the answers.
- COPIC has an extensive network of experienced defense attorneys in the states we provide coverage; when appropriate, we provide referrals to outside attorneys for one-on-one consultations (separate, private pay).

### KEY AREAS WHERE COPIC PROVIDES SUPPORT

- Advance Directives
- EMTALA
- Documentation
- Medical Records
- Telemedicine/Telehealth
- Legislative Updates
- Liability with Allied Health Professionals
- Informed Consent
- Fraud and Abuse
- Subpoenas
- HIPAA
- Peer/Professional Review
- Compliance Issues

### COPIC LEGAL HELPLINE

Call (800) 421-1834, ext. 6030 to connect with a member of the COPIC legal team; available from 9am–5pm (Mountain Time), Monday through Friday.

### LEGAL SEMINARS, ON-DEMAND COURSES, AND WEBINARS

Throughout the year, we offer educational activities that focus on key legal topics. Participation may apply toward an annual premium discount and also qualify for CME credits. Examples of popular topics include:

- Defending a Medical Liability Case
- Informed Consent
- Physician Advertising
- Risk and Liability Issues Regarding Minors
- Electronic Medical Records: Discovery and Liability Issues
- Fraud and Abuse
- Social Media and Liability Issues
- Telemedicine
- HIPAA

We also offer on-site, customized seminars to address specific topics of concern. For information about the presentations available, please call (720) 858-6131.

### MOCK TRIALS

This unique, interactive program offers an inside look at the courtroom proceedings that occur during a medical liability trial. Each program presents an enactment of an actual trial featuring members of COPIC's Defense Team, Legal and Risk Management & Patient Safety departments as well as practicing physicians. Attendees serve as jury members, returning a verdict after hearing testimony from the plaintiff, expert witnesses, and the defendant.

### MOCK DEPOSITIONS

The probability of a health care provider testifying in a deposition is much higher than a trial. This innovative program provides an in-depth look at the important considerations in depositions, and helps providers prepare for these situations by making them aware of what to expect.

### SPECIALTY PUBLICATIONS

COPIC's legal team has developed several publications that provide an in-depth analysis of specific issues such as:

- Law Enforcement Interactions
- Considerations for Managed Care Contracts
- Minors and Risk
- The Potential Dangers of "Hold Harmless" and "Indemnity" Agreements

### SUPPORT ON LEGISLATIVE/REGULATORY ISSUES

COPIC's legal team is involved in efforts to maintain stable health care environments that support the practice of good medicine. This includes monitoring legislative bills that have the potential to impact health care. Insureds benefit from this in the following ways:

- The legal staff can answer questions about timely issues related to state-level legislation and regulations.
- COPIC updates policyholders about changes that impact their medical practice such as necessary actions to take or guidelines to follow.

### COMPLIANCE WELLNESS CHECK

This program is designed to help identify the more common compliance and regulatory problems that medical practice or facilities face. On-site reviews are designed to uncover concerns (known and unknown) and develop an action plan to address these with support from COPIC. This allows for the opportunity to correct any issues early on and avoid potential issues that could arise.

*PLEASE NOTE: COPIC Legal Navigator is separate from the defense attorneys who work with insureds that are facing a medical liability claim or lawsuit and covered proceedings. Information provided is for general education purposes and not intended as legal advice or to provide practice standards. By providing this general legal information, neither COPIC nor its attorneys intend to form an attorney-client relationship with the policyholder.*
